WHEN someone here at home has the fortitude to step up and do something outstanding, it merits more than passing consideration. Last week, A. E. Misko, commercial teacher at Grayling High School, conducted a "Typing Contest". Contestants came from all surrounding schools and the rivalry was keen and intense. They were first-year students. It is needless to say that the contest was most stimulating to the participants, and better class work is almost certain to follow. Mr. Misko deserves the thanks of Mr. Misko deserves the thanks of the youngsters and of the several schools they represent. And by his efforts he has proven himself to be a leader in his profession, and as a commercial teacher, we have heard it claimed by authority that the Grayling school never had a better one.

### New Version of an **Old American Tradition**

We were sitting on Ed Carey's fighter planes goes over-in tight formation - swift and trim and powerful.

"There," says Ed proudly, "goes an American tradition." "What do you mean, tradition?" Eben Crowell says. "America's a hundred sixty years old-flying's the newest thing there is."

"But those planes," says Ed, "they're the best in the worldthe best made and the best flown. That's what I mean by

an American tradition: making things, doing things, just a little porch, enjoying a friendly glass: things, doing things, just a little of beer, when a squadron of better, whether it's an airplane or a railroad or a glass of fine American beer like this."

And from where I sit, Ed has put his finger on what makes America great-and will keep her great. The urge to do things just a little better-from the planes we make to the glass of beer that we enjoy. Things to be proud of -all of them!

### Wanted--Oil Leases

In Northeastern Michigan by one of Michigan's most active oil drilling companies now partici-pating in drilling operations on several Wildcat tests. To make Grayling the little city we so proudly boast of, let's everyone this spring more than ever make an effort to clean up the debris throm mround course premises. Our streets too could be kept in a lot better order if each householder would see to it that weeds were cut and spaces raked in the street in front of their homes.

We pay good lease rentals, but are primarily interested in deep drilling operations for new crude oil production.

Thursday, so we thought we would do a little fixing up. We sent to Sears for one of those new beth rooms you have about. It bath rooms you hear about. It took a plumber to put it in shape.
On one side of the room is a great long thing, something like the pigs drink out of, only you get in this and wash all over. On the other side is a little thing called a sink—that is for light washing, like face and hands.

It amed your Grandpa's picture in tramed your Grandpa's picture in tramed your Grandpa's picture.

They were an awful nice store to trade with. They even sent us a roll of writing paper with it.

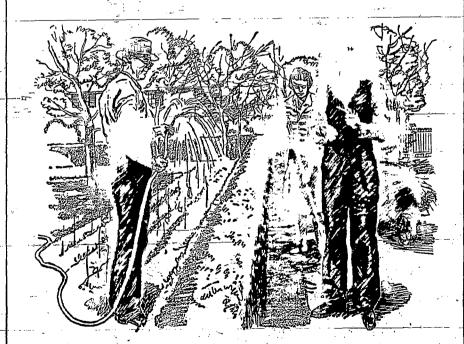

Well take care of yourself son.

Mother-

But now on the other side we really got something. You put one foot in and wash it clean the pull a chain and you get fresh water for the other foot.

Two lids came with the thing and we am't had no use for them in the bath so am using one for a bread board and the other we framed your Grandpa's picture.

THE OLD JUDGE SAYS...

"Guess we're pretty lucky in our town, Judge, that we don't have the youth problem you read about in other places." 'Don't know as you can call it lucky. Harold...we saw it coming with the war and we did something about it before it hit us. We gave our 'teen age youngsters the recreational facilities they needed and really wanted. Those familiar with this wartime problem know that young folks go to places

they shouldn't only when the proper places

are not provided for them. Young people always want to be with others of their own age... want their own type of entertainment. Town after town has found out that once these simple wants are met, the problem is well on its way to being licked."
